If you have email, you can vote via internet. Ballots will be sent out by Sept. 7. Simply complete your ballot and return from the email address that we have for you on file. You DO NOT HAVE to come to the Center to Vote.

If we *only* have your mailing address, you will be able to pick up a ballot at the Community Center on the above dates and cast your vote. In the alternative, you can download a copy of the ballot from our website (beginning Sept. 7th) and bring it to the Community Center on the above dates to cast your vote.

Information on the candidates running will be available, no later than Aug. 31.
